Objective

To apply my technical skills and problem-solving abilities to contribute effectively to real-world projects while continuously learning and growing in a professional environment.

Education

Pranveer Singh Institute of Technology, Kanpur 2023–2027
B.Tech in Artificial Intelligence and Data Science CGPA: 8.1

Mother Teresa Higher Secondary School, Kanpur
Class XII (Science) 77.5%
Class X 82.17%

Technical Skills

- **Languages:** Python, Java, C, SQL
- **Core Concepts:** Data Structures and Algorithms, Object-Oriented Programming (OOP), DBMS, REST APIs, Unit Testing, Cloud Fundamentals
- **Frameworks/Libraries:** Flask, Streamlit, LangChain, OpenCV, MediaPipe
- **Databases:** PostgreSQL, MySQL
- **Tools:** Git, GitHub, VS Code, PyCharm
- **Web Technologies:** HTML, CSS

Projects

IntelliQuiz – Quiz Platform — Python, Flask, PostgreSQL, HTML, CSS

- Developed backend logic for quiz management, user authentication, and score tracking using Flask.
- Designed a PostgreSQL database and implemented performance analytics to monitor user progress.

AI Chat Assistant — Python, Streamlit, LangChain, Groq (LLM API)

- Developed an LLM-powered chatbot with real-time, context-aware responses
- Designed multi-session chat system with memory and prompt engineering

Gesture Air Mouse — Python, OpenCV, MediaPipe

- Built a real-time gesture recognition system to control cursor, clicks, scrolling, and system functions
- Implemented hand tracking, smoothing, and gesture control for seamless human–computer interaction

Smart Eye – Attendance System with Emotion Detection — Python, OpenCV, Flask

- Developing a facial recognition-based attendance system with real-time emotion detection capabilities
- Implementing modules for face detection, data preprocessing, and attendance tracking

Achievements

- Solved **700+** problems on **LeetCode** with a **500-day coding streak**.
- Earned **20+** **LeetCode** badges, including monthly and annual awards.
- Achieved **6-star in Problem Solving** and **5-star in Python and C** on HackerRank.

Publications

Co-authored: *A Comparative Study of Sentiment Analysis Models for WhatsApp Chat Evaluation* (IJERT, 2026)
DOI: <https://doi.org/10.5281/zenodo.19110585>

Coding Profiles
