Objective

To apply technical skills and problem-solving abilities to contribute effectively to real-world projects while continuously learning and growing in a professional environment.

Education

Pranveer Singh Institute of Technology, Kanpur 2023–2027
B.Tech in Artificial Intelligence and Data Science CGPA: 8.1

Mother Teresa Higher Secondary School, Kanpur
Class XII (Science) 77.5%
Class X 82.17%

Technical Skills

- **Languages:** Python, C, Java, SQL
- **Web Technologies:** HTML, CSS
- **Frameworks/Libraries:** Flask, OpenCV, MediaPipe, Streamlit, LangChain
- **Databases:** MySQL, PostgreSQL
- **Core Concepts:** Data Structures, Algorithms, OOP, DBMS
- **Tools:** Git, GitHub, VS Code, PyCharm

Projects

IntelliQuiz – Quiz Platform | Python, Flask, PostgreSQL, HTML, CSS

- Developed backend logic for quiz management, user authentication, and performance tracking features
- Designed and implemented PostgreSQL database for efficient user data storage and retrieval
- Implemented performance analysis features to track user progress and generate insights

AI Chat Assistant | Python, Streamlit, LangChain, Groq (LLM API)

- Developed an LLM-powered chatbot with real-time, context-aware responses
- Designed multi-session chat system with memory and prompt engineering

Gesture Air Mouse | Python, OpenCV, MediaPipe

- Built a real-time gesture recognition system to control cursor, clicks, scrolling, and system functions
- Implemented hand tracking, smoothing, and gesture control for seamless human–computer interaction

Smart Eye – Attendance System with Emotion Detection | Python, OpenCV, Flask

- Developing a facial recognition-based attendance system with real-time emotion detection capabilities
- Implementing modules for face detection, data preprocessing, and attendance tracking

Achievements

- Solved **700+** problems on **LeetCode** with a **500-day coding streak**
- Earned **20+** **LeetCode** badges, including monthly and annual awards
- Achieved **6-star** in **Problem Solving** and **5-star** in **Python and C** on HackerRank

Publications

Co-authored: *A Comparative Study of Sentiment Analysis Models for WhatsApp Chat Evaluation* (IJERT, 2026)
DOI: <https://doi.org/10.5281/zenodo.19110585>
